K04 OVERLOCKED WOVEN KEYCHAIN

GENERAL DISCLAIMER

DEVIATION: Please note that there are deviations inherent to the printing materials and techniques. The deviations are within standard industry tolerance and hereby deemed acceptable by customers.

COLORS: Please note that only the PANTONE coated color system is accepted to match the required colors (unsupported color systems: PANTONE uncoated, PANTONE TPX, CMYK, RGB, etc.). A color deviation of +/-10% is tolerable by industry standards. When colors are not specified, based on our experience, we would recommend popular colors from PANTONE coated system. If your logo has a specific color set using other color systems, we would convert it to the closest PANTONE coated colors based on the display colors on our screen, however, accuracy in color conversion is not guaranteed.

COLORS OF WOVEN LAYER: Due to the nature of woven technique, please note that the light background/imprint color may be visually tinted by the dark imprint/background color.

BORDER COLOR: Please note that due to the different materials, the border color may look different than the woven layer color even when the same PANTONE color is applied.

DIMENSIONS: Please allow a length deviation of +/-5mm.

LOGO ACCURACY: Due to the limitation of woven technique, the accuracy of the design on final product is limited and may appear slightly different than the artwork.

SPECIFIC DISCLAIMER

- N/A

ACKNOWLEDGEMENT

Please confirm the above information is accurate (design, spelling, color, dimension, attachment, adds-on option, imprinting technique, packaging, delivery address etc.). Please note that we are not able to cancel or modify orders (including delivery address) once the orders go into production (after 7PM East Time on the day we receive your confirmation).

I acknowledge the above information is correct and I agree to accept all parts of this disclaimer.
